

# ENGINEERING ALUMNI NETWORK AWARDS NOMINATION FORM

Engineering Alumni Medal, Hall of Distinction  
7T6 Early Career Award and 2T5 Mid Career Award

The Engineering Alumni Awards celebrate the outstanding contributions to engineering and to society by Alumni of the Faculty of Applied Science & Engineering.

## **Engineering Alumni Medal**

The Engineering Alumni Medal, the highest honour granted by the Engineering Alumni Association, is identified as “For Achievement”. High achievement is the common thread distinguishing those on the roll of past recipients of the Medal, all of whom in their diverse careers have responded with flair and excellence to the challenges they faced. Their attainments will be seen as defining the aspirations and professional values of all our alumni.

## **Hall of Distinction**

Induction to the Hall of Distinction recognizes distinguished alumni on the basis of their lifelong accomplishments. These are graduates whose performances, as they followed a wide variety of career paths, have ultimately defined what is most exemplary in our graduates and in our profession. They are role models for our undergraduates about to address the ever-greater challenges of a changing world. The careers of the members stand as examples and add a sense of reality to the aspirations of successive generations of engineering students.

## **2T5 Mid-career Award**

The 2T5 Mid-career Award is presented to a member of the Engineering undergraduate class within 11-25 years of graduation from their undergraduate degree who has earned respect within the profession and in the broader community, and has already attained significant achievement in their career.

## **7T6 Early Career Award**

The 7T6 Early Career Award recognizes a member of the Engineering undergraduate class within 10 years of graduation from their undergraduate degree, who has distinguished themselves in the profession, the community, the university and other related fields, and gives promise of further contributions.

## INSTRUCTIONS

Please complete all sections of this nomination. Please do not repeat information in each section. Scoring is based on the nominee's achievement as demonstrated on this nomination form. Attachments, to a maximum of five (5) single-sided pages, may be included to provide supplemental relevant information. However, attachments must not serve as a replacement for information required on the nomination form. Up to two letters of support may be submitted as part of the nomination package. Letters must be a maximum of one page in length (one-sided) and must be focused on the criteria of the award. The nominator is not eligible to submit a letter.

**Notes:** The guidelines used by the Honours and Awards Committee for scoring nominees is provided as an appendix to the nomination form. Nominees must be living at the time of the close of nominations. Links or references to material external to the nomination are permitted for clarification, but the evaluation process will not rely on this additional information. No self-nominations will be accepted. Nominees who did not complete their undergraduate degree at U of T Engineering are only eligible for the Engineering Alumni Medal, Hall of Distinction or Honorary Alumnus. Please review the eligibility requirements for each award on our website: (<http://alumni.engineering.utoronto.ca/about/engineering-alumni-network/alumni-awards/>).

The Engineering Alumni Network's Honours & Awards Committee reserves the right to reclassify the requested award category based on the information provided herein.

## NOMINATION FORM

Award Category:

### **NOMINATOR INFORMATION**

First Name:  Last Name:

Email:  Is the nominee aware of the nomination?  **Y**  **N**

### **NOMINEE INFORMATION**

First Name:  Last Name:

Email:  Phone Number:

Address:  City:

Province/State:  Postal Code/Zip:  Country:

Job Title:  Employer:

Grad Year:  Department:

2<sup>nd</sup> Degree & Year:  3<sup>rd</sup> Degree & Year:

LinkedIn Profile URL:

## **LEADERSHIP**

Leadership considers the record of impact the nominee has had while holding a leadership role(s). This section should indicate elements such as career progression, seniority of position(s), length of service, and scope of influence.

Please include a title and a qualitative description of the responsibilities and accountabilities of the role. Also, please describe how the nominee's leadership impacted the organizations' work.

## **PROFESSIONAL ACCOMPLISHMENTS**

Professional accomplishment considers measurable and impactful actions that demonstrate the success of the nominee within their professional career. This includes contributions the nominee has made to expand the body of knowledge in engineering, business, or academia and what the impact has been.

Please list the nominee's significant professional accomplishments (maximum 500 words).

## **SOCIAL IMPACT**

Social impact considers measurable actions that have positively impacted society or addressed a societal need. This includes contributions the nominee has made that have had positive implications in areas such as healthcare, education, poverty and hunger, environmental, security, diversity or other.

Please describe how the nominee has demonstrated social consciousness and how this has impacted society (maximum 500 words).

## **AWARDS AND RECOGNITION**

Please list chronologically: award name(s), granting organization(s) and date(s). Please indicate if awards are international, national, provincial or local recognition.

## **CITATION**

In 200 words or less, please provide an intro/bio of the candidate that will be used to prepare materials for recognition purposes should this nominee be selected.

Thank you for taking the time to complete this nomination form.

Please send your completed nomination form to:
