

**UNIVERSITY OF TORONTO**  
**FACULTY OF APPLIED SCIENCE & ENGINEERING**

**IMPACT STATEMENT – Centralized Process for Student Initiative Funding (CPSIF)**

The funding that your student club received comes from the departments and organizations associated with the Faculty of Applied Science & Engineering (FASE). Our alumni and stakeholders are very interested in hearing about your project(s) and how you are using their contributions to advance your club's activities. In sharing your story, you will inspire alumni and stakeholders to increase their giving to Skule Fund for Education and encourage others to consider assisting our Faculty with their own gift of support. Your impact statement will be posted on the FASE website and shared widely to highlight your student club's accomplishments.

**Please provide information on the following questions in paragraph form, and submit in a PDF format:**

1. Identify name of club
2. Total amount of funding awarded.
3. Cite specific examples how funding was used.
4. Share specific stories of how the funds assisted your club's work, which, in turn, contributed to the vibrant spirit of our Skule community or impacted the wider community.
4. Why was this funding important to your club? Please also indicate all sources of funding from the Centralized Process for Student Initiative Fund.
5. Did your club engage any alumni (whether as participants, coaches, speakers, volunteers)? Please indicate which alumni, how many alumni, the dates of events and in which capacity they participated (if applicable).

**Please include high quality images, preferably in JPEG format. These stories will be shared online and/or in print.**

- Please provide names of the individuals in the photograph
- Please ensure that we have permission from your subject if they're the focus of the photograph. If the photo is at an event with lots of people or the focus is on the buildings, then permission is not required.
- Remember – a picture is worth a thousand words. Make the image count.

**Submission format:** Please submit the summary in a word document.
